

Flood Map

Long Lake Township, Grand Traverse County

 Floodplain 'A' Zones

The Digital Flood Insurance Rate Map (DFIRM) depicts preliminary flood risk. Zone A depicts areas with 1-percent-annual-chance flood event. The DFIRM Database is derived from Flood Insurance Studies (FISs), previously published Flood Insurance Rate Maps (FIRMs), flood hazard analyses performed in support of the FISs and FIRMs, and new mapping data, where available. The FISs and FIRMs are published by the Federal Emergency Management Agency (FEMA).
